The Honorable Rosa DeLauro
Ranking Member
Appropriations Committee
U.S. House of Representatives
Washington, DC 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting \$4,000,000 in Community Project Funding for the Compton Street Safety Improvement Project in fiscal year 2024.

The entity to receive funding for this project is the City of Compton, located at 205 S. Willowbrook Ave, Compton, CA 90220. The funding would be used to improve accessibility and safety for two primary transit corridors within the City of Compton: Compton Boulevard from City limit West to City Limit East and Wilmington Avenue. The project is an appropriate use of taxpayer funds because it will improve accessibility, safety, and transit ridership along two of Compton's largest corridors.

The project has a Federal nexus because the funding provided is for purposes authorized by 23 USC 133, which, among other things, provides flexible funding to address State and local transportation needs.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Maxine Waters
Member of Congress
